

WishHive — Privacy Policy

Effective Date: February 16, 2026 | Last Updated: February 16, 2026

Welcome to **WishHive** ("we," "our," or "us"). Your privacy is important to us. This Privacy Policy explains how we collect, use, disclose, and safeguard your information when you use our mobile application **WishHive** (the "App"). Please read this privacy policy carefully. By using the App, you agree to the collection and use of information in accordance with this policy.

1. Information We Collect

1.1 Personal Information You Provide

When you create an account and use the App, we may collect the following information that you voluntarily provide:

- **Account Information:** Name, email address, username, and profile photo.
- **Authentication Data:** Login credentials (email/password or Google Sign-In token). Passwords are securely handled by Firebase Authentication and are never stored in plain text.
- **Wishlist Content:** Hive (category) names, wish item names, product descriptions, prices, links, notes, and images you upload.
- **Social Information:** Friend connections, friend requests sent and received, and display names of friends.

1.2 Information Collected Automatically

- **Device Information:** Device type, operating system version, and unique device identifiers for push notification delivery and analytics.
- **Usage Data:** App interactions and feature usage patterns to improve the user experience.
- **Crash Reports:** Error logs and stack traces to diagnose and fix bugs (collected via Firebase Crashlytics).

1.3 Information from Third-Party Services

- **Google Sign-In:** If you sign in with Google, we receive your name, email address, and profile photo URL from Google.
- **Shared Content:** When you share content from other apps (e.g., Amazon, Blinkit) to WishHive, we process the shared URL, text, and images to create a wish item.

1.4 Contacts (Optional)

READ_CONTACTS Permission: The App may request access to your device's contacts **only** to help you find friends who already use WishHive and to invite others to join. **Your contacts data is NOT uploaded to our servers.** Contact matching is performed locally on your device. You can deny this permission, and the app will continue to work fully — you simply won't see the contact invite feature.

2. How We Use Your Information

We use the information we collect for the following purposes:

Purpose	Data Used
Create and manage your account	Name, email, username, profile photo
Display your wishlists (Hives & Wishes)	Wishlist content, images, prices, links
Enable social features (friends, wish fulfillment)	Friend connections, fulfillment status
Send in-app notifications (wish fulfilled, friend requests)	Friend activity data
Help you find friends on WishHive	Contacts (local only), email search
Process shared content from other apps	Shared URLs, text, images
Improve the App and fix bugs	Usage data, crash reports

3. How We Share Your Information

We do **NOT** sell, trade, or rent your personal information to third parties. We may share your information only in the following limited circumstances:

3.1 With Other Users (Based on Your Privacy Settings)

- **Public Hives:** Visible to all WishHive users.
- **Friends-Only Hives:** Visible only to your approved friends.
- **Specific Viewers:** Visible only to users you explicitly select.
- **Private Hives:** Visible only to you.
- **Wish Fulfillment:** When a friend marks a wish as fulfilled, their name is shown to you (the wish owner).

3.2 With Service Providers

We use the following third-party services to operate the App:

Service	Provider	Purpose	Data Shared
Authentication	Firebase Auth (Google)	Account creation & login	Email, name, auth tokens
Database	Cloud Firestore (Google)	Store wishlists & user data	All user-created content
Image Storage	Firebase Storage (Google)	Store uploaded images	Wish/hive images
App Security	Firebase App Check (Google)	Prevent abuse	Device attestation

These service providers are bound by their own privacy policies. All Firebase services comply with Google's privacy standards and GDPR.

3.3 Legal Requirements

We may disclose your information if required to do so by law, or if we believe in good faith that such action is necessary to comply with legal obligations, protect our rights, or investigate fraud.

4. Data Storage & Security

4.1 Where Your Data is Stored

- **Cloud:** Account data, wishlists, and friend connections are stored in Google Cloud Firestore servers.
- **Device (Local):** Wish images may be temporarily stored on your device before being uploaded to the cloud. A local cache is maintained for offline functionality.
- **Firebase Storage:** Uploaded images are stored in Firebase Storage (Google Cloud).

4.2 Security Measures

- All data transmission uses **HTTPS/TLS encryption**.
- Authentication is handled by **Firebase Auth** with industry-standard security.
- **Firebase App Check** is enabled to prevent unauthorized API access.
- Firestore **Security Rules** ensure users can only access their own data and data shared with them.
- Images are compressed before upload to minimize data storage.
- Passwords are **never stored in plain text** — Firebase uses bcrypt hashing.

While we take reasonable measures to protect your information, no method of electronic transmission or storage is 100% secure. We cannot guarantee absolute security.

5. Your Rights & Choices

5.1 Access & Update

You can view and update your profile information (name, username, profile photo) at any time through the **Settings** page in the App.

5.2 Delete Your Data

- **Delete Individual Wishes/Hives:** You can delete any wish or hive at any time from the App.
- **Delete Your Account:** You may request complete account deletion by contacting us at the email below. Upon deletion, we will remove all your personal data, wishlists, friend connections, and uploaded images from our servers within 30 days.

5.3 Manage Permissions

- **Contacts Permission:** You can revoke contacts access at any time through your device's Settings → Apps → WishHive → Permissions.
- **Privacy Settings:** You control the visibility of each hive (Public, Private, Friends, Specific).
- **Mute Friends:** You can mute friends to hide their activity from your feed without removing them.

5.4 Opt-Out

You can stop all data collection by uninstalling the App. To delete data already collected, contact us to request account deletion.

6. Children's Privacy

WishHive is not intended for use by children under the age of **13** (or the applicable age of consent in your jurisdiction). We do not knowingly collect personal information from children under 13. If you are a parent or guardian and believe your child has provided us with personal information, please contact us, and we will promptly delete such information.

7. Third-Party Links

The App may contain links to external websites (e.g., product links from Amazon, Flipkart, or other e-commerce sites added by users). We are not responsible for the privacy practices or

content of these third-party websites. We encourage you to review the privacy policies of any third-party sites you visit.

8. Offline Data & Local Storage

WishHive supports offline functionality through Firebase's local data persistence. This means:

- A copy of your wishlists is cached locally on your device for offline access.
 - Images may be stored locally before background upload to the cloud.
 - Local data is automatically synced with the cloud when an internet connection is restored.
 - Uninstalling the App removes all locally cached data from your device.
-

9. International Data Transfers

Your information may be transferred to and processed in countries other than your own (including the United States, where Google's Firebase servers are located). By using the App, you consent to the transfer of your information to countries that may have different data protection laws than your country of residence.

10. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. When we do, we will revise the "Last Updated" date at the top of this page. We encourage you to review this Privacy Policy periodically to stay informed about how we are protecting your information. Continued use of the App after changes constitutes acceptance of the updated policy.

11. Contact Us

If you have any questions, concerns, or requests regarding this Privacy Policy or our data practices, please contact us at:

Email: wishhive.app@gmail.com

App Name: WishHive

Developer: Kedhareesh

12. Terms of Use (Summary)

By using WishHive, you agree to the following terms:

1. **Account Responsibility:** You are responsible for maintaining the security of your account credentials. Do not share your password with others.
2. **Acceptable Use:** You agree not to use the App for any illegal, harmful, or abusive purposes. Content you upload must not violate any laws or infringe on third-party rights.
3. **User Content:** You retain ownership of all content you create (wishlists, images, notes). By uploading content, you grant us a limited license to store and display it as necessary to provide the service.
4. **Friend Interactions:** When you add a friend, they can view your non-private hives and fulfill your wishes. You can control visibility through privacy settings and remove friends at any time.
5. **Wish Fulfillment:** The wish fulfillment feature is informational only. WishHive does not facilitate purchases or transactions between users. We are not responsible for any gifts, promises, or transactions between users.
6. **Shared Content:** When you share product links from other apps to WishHive, we extract metadata (title, image, price) to create wish items. We do not affiliate with or endorse any e-commerce platform.
7. **Service Availability:** We strive to keep WishHive available at all times but do not guarantee uninterrupted access. We may perform maintenance or updates that temporarily affect service.
8. **Termination:** We reserve the right to suspend or terminate accounts that violate these terms or engage in abusive behavior.
9. **Disclaimer:** WishHive is provided "as is" without warranties of any kind, express or implied. We are not liable for any damages arising from your use of the App.

10. **Governing Law:** These terms are governed by the laws of India. Any disputes shall be resolved in the courts of Hyderabad, Telangana, India.
